Officials from Universiti Islam Sultan Sharif Ali (UNISSA) and Universiti Sains Islam Malaysia (USIM)

UNISSA, USIM agree to forge closer links

| AZLAN OTHMAN |

OFFICIALS from Universiti Islam Sultan Sharif Ali (UNISSA) and Universiti Sains Islam Malaysia (USIM) met yesterday to discuss a series of joint research and publication projects. Both sides agreed to forge strategic cooperation in research and charitable projects.

The higher education institutions have already been carrying out many activities including student exchanges and joint seminars under the Memorandum of Understanding (MoU) both signed in 2011 and the Memorandum of Agreement (MoA) reached in 2012. Under these agreements USIM is an institution that has been recognized in the area of endowment (or Waqaf). It established Al-Abbar Endowment Fund which is registered by the Negeri Sembilan Islamic Religious Council (MAINS).

USIM plans to share its extensive experience with UNISSA in research and publication in the area of endowment for the benefit of the local community.

In addition, the two institutions of higher learning will be trying to get a grant or funding for an international research project which they plan to execute together for the use of the regional and global community.

Indeed, globally funded research projects are significant in the effort to upgrade the position of an institution. UNISSA and USIM are very optimistic that their fraternity could generate returns that will benefit both parties in improving the quality of research, teaching and learning.

Yesterday's meeting was led by Dr Haji Mohamed Hussain bin Pehin Penyurat Haji Ahmad, Deputy Rector of UNISSA and Professor Dato Dr Mustafa Mohd Hanefah, Deputy Vice-Chancellor (Research and Innovation) of USIM.

The USIM delegation also included the Director of the Financing for Development Endowments, academic experts and officials involved in publication projects, while officials from UNISSA included the Assistant Rector and senior officers of the university.
