Halalan Thayyiban Research Centre Deputy Director Dr Zeiad Amjad Abdulrazzak Aghwan delivers a briefing

Universiti Islam Sultan Sharif Ali (UNISSA), through the Halalan Thayyiban Research Centre (HTRC), organised *Halal Awareness Games* recently at Bridex Hall 1, Jerudong in conjunction with the Local Product Expo 2022.

It was facilitated by assistant lecturer Nor Surilawana binti Haji Sulaiman and three Year 1 students of HTRC.

HTRC raised community awareness, especially expo visitors, on halal, *syubhah* and *haram* as well as *halalan thayyiban* and *halal non-thayyibat*

A game to identify halal logos recognised by the Brunei Islamic Religious Council was also held.

HTRC Deputy Director Dr Zeiad Amjad Abdulrazzak Aghwan delivered a briefing on 'Significance of *Thayyiban* Concept throughout the Halal Meat Supply Chain'.

The centre hopes to hold such a programme in the future to inculcate an informed society.

UNISSA shines at Thailand Halal Assembly 2022

Two academic staff of the Halalan Thayyiban Research Centre (HTRC) of the Universiti Islam Sultan Sharif Ali (UNISSA) presented papers at the Thailand Halal Assembly (THA) 2022.

The event was organised by Chulalongkorn University, Thailand on a hybrid basis recently with the theme 'Soft Powering of Halal Science, Technology and Innovation'.

HTRC Director Pengiran Dr Hajah Norkhairiah binti Pengiran Haji Hashim, presented a paper on 'Soft Powering of Halal Industry in Brunei Darussalam: Opportunities and Challenges'.

Meanwhile, assistant lecturer Nor Surilawana binti Haji Sulaiman presented a paper, on 'Food Waste Conversion to Halal Organic Fertilisers', which was named the Best Paper.
