# Encouraging volunteering, halal food knowledge

In support of the Day of Action campaign organised by the Ministry of Culture, Youth and Sports, a programme was carried out by the Halalan Thayyiban Student Society (HTSS) under the education and community clusters.

The HTSS Halalantastic Day programme was organised in conjunction with the 2022 International Volunteer Day celebration with the theme 'Solidarity Through Volunteering'.

The programme was led by Universiti Islam Sultan Sharif Ali's (UNISSA) Halalan Thayyiban Research Centre (PPHT) Assistant Lecturer Raihana binti Mohd Raffi with the participation of 50 student volunteers from the university.

In line with the theme and nature of volunteering, the programme was an opportunity for HTSS to spread knowledge of consuming halal food and as a good approach to developing a culture of volunteering among UNISSA students.

The implementation of the programme was made on December 18 at Taman Haji Sir Muda Omar 'Ali Saifudien.

Among the activities during the programme were halal interactive quizzes, assembling puzzles on halal ingredients, and a Brunei halal logo colouring contest for children.
